# ANNUAL REPORT

**RESILIENCE**  
EMPOWERING  
SURVIVORS  
ENDING SEXUAL  
VIOLENCE

## MISSION

Resilience is an independent, not-for-profit organization dedicated to the healing and empowerment of sexual assault survivors through non-judgmental crisis intervention counseling, individual and group trauma therapy, and medical and legal advocacy in the greater Chicago metropolitan area. Resilience provides public education and institutional advocacy in order to improve the treatment of sexual assault survivors and to effect positive change in policies and public attitudes toward sexual assault.

## VISION

Resilience envisions a world where prevention efforts and global awareness of sexual violence expose rape myths, remove stigmas, eliminate rape and support all people as equal members of society.

# WELCOME AND THANK YOU!

**Dear Friends,**

Fiscal year 2019 saw Resilience continuing to serve those in need more effectively than ever before. With your help, we have been hard at work, transforming Resilience into an organization that proudly honors our past and bravely commits to living up to our mission in today's complex environment. In 2019, we unveiled our official rebrand, welcomed two new hospital partners, and developed our satellite office spaces while meeting the need for sexual violence response and prevention throughout our city.

We encourage you to explore the impact that you made possible in the pages of this report. We are grateful for all the kind, passionate and generous supporters who help us answer the call to empower survivors and end sexual violence before it begins. On behalf of all of us at Resilience, thank you!

## PROTECTING SURVIVORS' CHOICES

Every survivor deserves to have someone in their corner. Resilience provides 24-hour sexual violence response to 17 hospitals, as well as ongoing legal and medical advocacy to ensure that survivors have access to emotional support and advocacy while they receive emergency care and navigate across various systems like school, the workplace, healthcare, and the law after the hospital. We also partner with the Cook County Department of Corrections and Metropolitan Correctional Center, Chicago under the Prison Rape Elimination Act to provide advocacy support to incarcerated survivors. Thanks to the support of our community, we are able to offer survivors a support person who can help them navigate remedies they likely never knew existed. In the past year, 710 survivors utilized our medical advocacy services, 710 survivors utilized our support with the criminal legal system, and 760 survivors utilized our support with the civil legal system.

In addition to helping survivors access resources they have a right to, Resilience provides institutional advocacy to influence the systems survivors encounter, ensuring institutions have policies that are survivor-centered and challenging them when they don't exist, in every field from higher education to healthcare.

"[My advocate] was a lifesaver. She was positive, supportive, spirited, strong and everything I could have asked for in a partner through this process."

— Resilience Advocacy Client

## PREVENTING SEXUAL VIOLENCE

Young people belong in conversations about consent, healthy relationships, and body autonomy. Resilience provides sexual violence prevention education to K-12 students in Chicago schools, using age-appropriate, evidence-informed, specialized curriculum that we develop and deliver, as well as teacher and staff trainings and parent and caregiver workshops. In our K-8 prevention programming, Resilience frequently partners with Imagination Theater, a performance arts organization, to address sexual harm through participatory theater workshops. Resilience also offers a robust professional training program through the Resilience Training Institute.

**Resilience provides corporate trainings on a wide range of topics, including preventing child sexual abuse, becoming an ally to survivors of sexual violence, and preventing sexual harassment.**

**"Working with Resilience was an incredible experience for Sprout Social. Our team learned a tremendous amount from the presentation, including how to be better allies, consider the language we use, and support survivors in our lives. We'd highly recommend working with this wonderful organization. Thank you Resilience!"**

**—Sprout Social Diversity, Equity, and Inclusion Guild**

## RESTORING LIVES

Every survivor deserves to heal from the disruption of sexual trauma. Resilience provides individual trauma therapy services as well as ongoing support groups for survivors who may want to be in community with others who share their experience, their identity, or their values. We offer creative arts therapies including art therapy and dance movement therapy to help survivors deal with the aftermath of sexual assault.

Additionally, Resilience provides loved ones with the tools they need to cope with the impact of vicarious trauma and support a survivor, including information about what to expect and how to be supportive. In 2019 Resilience provided 10,725 hours of trauma therapy services to survivors and their loved ones.

“Resilience has amazing services, from the hospital to the end of my therapy, I felt cared about, prioritized, and validated.”

— **Resilience Trauma Therapy Client**

“This was the best experience, my feelings were validated, I didn’t have to pretend, and now I have some lifelong friends.”

— **Resilience Trauma Therapy Support Group Client**

## PROMOTING ACCESS AND EQUITY FOR ALL SURVIVORS

In 2019 Resilience partnered with Chicago Public Schools on new sexual violence response practices as well as co-founded the Chicago Prevention Alliance (CPA) with our leading partner Chicago Children's Advocacy Center (CCAC) and the Chicago Alliance Against Sexual Exploitation (CAASE) to implement and institutionalize a diverse array of educational tools and practices that prevents sexual harm against or by youth.

### We're proud to share the following legislative news:

- **HB 2135** removes the statute of limitations for adult sex crimes
- **HB 92** allows for law enforcement to issue a summons to appear in court instead of making an arrest of a survivor with a warrant attempting to receive medical treatment in an emergency room
- **HB 3550** amends the School Code and provides that course material and instruction in grades 6–12 must include discussion on the meaning of consent
- **SB 25 (Reproductive Health Act)** protects access and provides that every individual has a fundamental right to make autonomous decisions about their own reproductive health
- Resilience also worked on several bills addressing funding for the implementation of a tracking system for the processing of evidence collection kits, to begin in 2020

# ENGAGING NEW VOICES

Youth deserve to have allies in their spaces. OurMusicMyBody (OMMB) is a collaborative campaign run by staff from Resilience and Between Friends to raise awareness of and prevent gender-based violence in the music scene in Chicago and beyond. As a grassroots campaign that works alongside youth and others in the music scene, OMMB helps Resilience engage new audiences who are interested in exploring consent and working together to address gender-based violence in their spaces. In 2019, OMMB welcomed a new Campaign Coordinator, hired interns for the first time, and strengthened its partnerships.

## OurMusicMyBody by the numbers:

- 8,000 music fans reached
- Staff trainings for 10 venues and festivals
- Partnered with 75+ shows and events

## ENGAGING THE PUBLIC

We've made incredible strides through survivor-led movements, but we need millions of engaged individuals and communities to achieve a culture of consent and accountability. In 2019 Resilience reached 413,912 individuals through 366 awareness promotion and social justice activism events. During Sexual Assault Awareness Month, we welcomed nearly a hundred participants for Standing Silent Witness, our annual demonstration protesting the silencing of survivors.

# THANK YOU, RESILIENCE VOLUNTEERS!

## TRUE ALLIES IN CRISIS

Advocacy matters—survivors are more likely to commit to their healing journey and access critical resources if they receive support within the first 24 hours of disclosure. Our volunteer medical advocates serve as our 24-hour crisis responders, often acting as survivors' first point of contact with Resilience and meeting survivors with immediate, unwavering nonjudgmental belief, empathy, and support. Resilience was founded by volunteers and continues to rely on our dedicated community of volunteers to provide the bulk of our emergency room services.
