

Thank you for your interest in interning with Resilience. We are glad that you contacted us. There are several ways in which you can join the movement to end sexual violence. The three primary internship opportunities are with our **Advocacy, Trauma Therapy* and Education and Training** programs. **You must be enrolled in a master's level program to be eligible for an internship providing trauma therapy.*

All of our interns are **required** to complete a *minimum* of 40-hours of sexual assault crisis intervention training in accordance with the Illinois Coalition Against Sexual Assault mandates. You must also attend an agency orientation at a date to be determined. The 40-hour crisis intervention training must be completed prior-to or within a month of beginning your internship. Resilience offers this training at least three times a year. The schedule is available via the links below. There is no cost for the training if you are accepted into the internship program. **Training is approximately 5 weeks long, in the evenings.** There may be other training options available on a case-by-case basis.

Most of Resilience's internships require a minimum of one year or two academic semesters. Please be sure to read carefully to determine the time commitment of your intended internship. Resilience accepts non-academic interns by exception.
